REMARKS

The present application has been subjected to a  
restriction requirement. In particular, the claims pending  
in this application have been into Groups I through VII,  
asserting that the inventions claimed in these Groups are  
distinct.

Applicant provisionally elects for further prosecution  
the claims of Group I, namely, claims 1-15 drawn to a tape  
dispenser. Applicant also respectfully traverses the  
restriction requirement and asks that the claims of Group I  
and II be examined concurrently for the reasons set forth  
below.
